TOWN WARRANT 1968

THE STATE OF NEW HAMPSHIRE

Rockingham, ss.

To the Inhabitants of the Town of New Castle, in said County of Rockingham, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Recreation Building in Great Island Common, in said New Castle, on Tuesday, the twelfth day of March, 1968 at ten of the clock in the forenoon to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing. The polls for the election of town officers will open at ten of the clock in the forenoon and shall not be closed before six of the clock in the afternoon.

2. To hear the reports of agents, officers, committees, boards and others heretofore chosen and to pass any vote in relation thereto.

3. To raise such sums of money as may be necessary to defray town charges for the ensuing year and to make appropriation for the same.

4. To see if the town will vote to authorize the Selectmen to incur temporary loans in anticipation of the taxes for the year 1968 upon the credit of the Town, and issue its notes therefor in accordance with the Municipal Finance Act.

5. To see if the Town will vote to allow a discount to be made to those persons who shall pay their taxes with-

in a reasonable time after they receive notice of the taxes assessed against them and to fix the amount of such discount and the time within which such discount shall be allowed.

6. To see if the Town will vote to participate with the other towns and cities in the area in the advertising, promotional and publicity activities of the New Hampshire Seacoast Development Association as authorized by law and to raise and appropriate the necessary sum of money therefor.

7. To see if the Town will vote to accept Town Road Aid from the State for the construction of Town roads and to raise and appropriate the necessary sums of money therefor.

8. On petition of Robert Kennedy and ten (10) other persons, to see if the Town will vote to raise and appropriate the sum not exceeding Four Hundred (\$400.00) Dollars to purchase one hundred (100) metal-typed folding chairs, similar to those now used at the Common Recreation Building and Town Hall and a portable storage rack.

9. On petition of Dr. Hoeffle and nine (9) other persons, to see if the Town will vote to raise and appropriate the sum of Six Hundred (\$600.00) Dollars for support of the Portsmouth Mental Health Clinic.

10. To see if the Town will vote to raise and appropriate the sum of One Hundred Fifty (\$150.00) Dollars to support the "Man in Washington" program.

11. To see if the Town will vote to raise and appropriate the sum of Two Hundred Ninety Five (\$295.00) Dollars to purchase one (1) Scott Air Pack-Breathing Device for entering smoke filled homes and rooms for the use of the Fire Department.

12. To see if the Town will vote to raise and ap-

appropriate the sum of Six Hundred Sixty Two Dollars and Fifty Cents (\$662.50) to purchase five hundred (500 feet of hose for the Fire Department as part of a hose replacement program.

13. To see if the Town will vote to raise and appropriate the sum of Forty One Dollars and Sixty Five Cents (\$41.65) for support of the Community Action Program.

14. To see if the Town will vote to raise and appropriate the sum of Five Thousand (\$5,000.00) Dollars for the removal of certain buildings, foundations and fencings at Great Island Common and after the removal of the buildings, foundations and fencings, any balance remaining to be used for repair and upkeep of the remaining facilities at Great Island Common and the installation of natural material gates at access roads to Great Island Common.

15. To see if the Town will vote to rescind all prior votes relative to the plowing of private roadways.

16. To see if the Town will vote to no longer plow snow in private roadways.

17. To see if the Town will vote to authorize the construction of a water main from the end of our new eight (8'') inch line on Portsmouth Avenue to join with the water main of the City of Portsmouth on Pierce Island or at some other point intermediate thereto agreeable to the City of Portsmouth.

18. Should the Town vote to adopt the provisions of Article 17, then to see if the Town will vote to appropriate the sum of Seventy Five Thousand (\$75,000) Dollars (this sum to include engineering fees) and to raise the sum so appropriated by the issuance of serial bonds or notes payable in annual installments over not more than thirty (30) years, in accordance with the pro-

visions of the Municipal Finance Act of the State of New Hampshire; the Board of Selectmen to negotiate and issue such bonds or notes and to determine the time and place of payment thereof, and the rate of interest thereon as they deem to be in the best interest of the Town. The bonds to be duly executed and sealed with the Town Corporate Seal affixed in accordance with the law.

19. To transact such other business as may legally come before said meeting.

RALPH S. FROBISHER,
JOHN F. HODGDON,
JOHN J. HASSETT, JR.,
Selectmen of New Castle

TOTAL EXPENDITURES	\$123,507.40	\$118,495.40	\$127,665.00

Selectmen's Annual Letter — 1967

In 1965 the State Tax Commission returned to the Town approximately \$17,000 in Interest and Dividends Tax, and in 1966, \$13,000. In 1967 the tax returned amounted to over \$34,000, so that there was an additional income to the Town of some \$21,000, which could be used to defray Town expenses. This was of material assistance in reducing the tax rate by \$2.00 this past year. The Interest and Dividends tax is extremely unpredictable and the Town has no control over it. We have therefor set our Budget figure for this income at approximately the average for the two previous years.

During the year the Marine Reserve Area was purchased from the GSA for \$5,500. \$3,000 of the sum was taken from current income, while there is still a \$2,500 balance in the form of a note which is due this coming year. During the year the small arms range in the Reserve Area was placed in operation at Town expense and it has been well patronized. We also had a new basketball backboard of the retractable type constructed in the Recreation building. The floor was also refinished. We suggest that no money be appropriated at this time to demolish present buildings in the Common as there is still the possibility that more may be sold or demolished at little or no cost to the Town. We sold one of the smaller buildings in the Reserve this year and the proceeds were placed in the Great Island Common Fund.

We have recently received word from the Anderson-Nichols Co., our sewer planners, that the N. H. Water Supply and Pollution Commission that any plan including less than full sewer coverage for the entire Town will

not be approved. The cost of such a system runs well over one million dollars. Up to the present, we have no definite information as to when this project will have to be done, but it should not be forgotten.

For the past several years the Town has given a discount of 3% to those who pay their taxes promptly. In 1967 the total of such tax discounts amounted to over \$2.200 and the Town could borrow a large sum of money in anticipation of taxes for this amount of money. We have wondered if it would be good business on the part of the Town to reduce the amount of the discount and we submit this for your consideration at Town Meeting.

Respectfully submitted,

RALPH S. FROBISHER,
JOHN F. HODGDON
JOHN J. HASSETT, JR.
Selectmen

FIRE DEPARTMENT

1967

During the past year the Fire Dept. answered 22 calls which is an increase of 15 calls over the previous year. Sixteen of the Twenty-two calls answered were actual fires resulting in property damage in the amount of \$650.00. One call was a Mutual Aid call to assist the Rye Fire Dept.

Two members attended two training schools at Fitzwilliam and Laconia, N. H. Subjects covered were communications, administration, pumping, and fire streams. Also during the year the Department conducted a school on ladders and hose which was attended by all members. This school was instructed by a State Fire Instructor from the Department of Education at no cost to the Town. This Instructor is presently conducting a ten week school in fire characteristics.

The Department purchased and installed the radio which was voted upon at the last town meeting. It has been used effectively on several occasions in communicating with Portsmouth and other Departments.

During Fire Prevention Week the Department purchased and distributed fire prevention pamphlets to the school. A fire drill was held, and the school was evacuated in 35 seconds. We would like to commend the teachers and children for their cooperation and interest.

In connection with Fire Prevention Week the Department tried to initiate operation Edith (Evacuation Drill In The Home) with no success. The program was published in the newspaper and on both local radio stations for two weeks and resulted in one call for the information to start this program in the home. This one call

was from a resident of Portsmouth.

For anyone interested the Fire Department meets every Monday at 7:00 P.M. Everyone is invited to join.

PLEASE HELP US TO PREVENT FIRES, THE
LIFE WE SAVE MAY BE YOURS.

RICHARD WHITEHOUSE
Fire Chief

WALTER GLIDDEN

POLICE DEPARTMENT 1967

I again wish to thank the selectmen and the citizens for their co-operation during the past year, also the teachers and the School Board for allowing us to come into the school and give our safety talk. A special thanks to the children of the Maude Trefethen School for their assistance in carrying out the safety program the past year.

We answered 1,063 calls for the year, of these, there were 278 calls from midnight to six A.M. These calls ran approximately the same as they did last year, domestic and other calls. I had 286 calls or callers come to my house with various problems and in most cases these people were recommended to see their attorney or seek legal counsel. We had 12 reported accidents, an increase over last year. We had 107 cases in our municipal court and one juvenile case. The court cases ran as follows: *Speeding, passing on the solid line, littering, minors in possession of alcoholic beverages, unregistered vehicles, misuse of plates, operating without a license, failing to stop at stop signs, reckless operation, parking in a restricted area and failing to park with right wheels to the side of the road and etc.*

The posted five mile per hour sign in the school yard has worked wonders, cars have slowed down. We still have a few people in town who have a heavy foot on the gas accelerator.

The children in first through six grades are doing a great job in our safety program. They walk facing traffic, stop at stop signs and use their hand signals when on their bicycle. I've often noticed the children have their parents educated on what side of the road to walk on and what

side to ride their bicycle. They do keep single file and their parents do likewise, which is very gratifying. I often think of what goes through the child's mind when he or she is riding with their father or mother and the parent runs through a *stop sign* or *passes on a yellow line*, or *goes speeding* through town. The child knows it's wrong, *do you?* What the child has learned in safety for the whole year, he or she has lost in ten minutes in that car.

Do you know that there are less than five families in town without a car? We now average between two and three cars a family, which has created a parking problem. Seven or eight years ago I recommended a parking ordinance which was tabled at town meeting. I also recommended one way streets in town due to the narrow streets and parking problem.

I highly recommend a one man radar, not for the revenue that it will bring to our court and not because we are trying to set a record to see how many speeders we can bring into our court, but because we feel that if this radar can save one life, it will have paid for itself.

We are sorry that the space allotted and the cost of printing narrows down our report. We ask again that you please slow down and obey the *traffic laws*, *speed signs*, *stop signs* and the speed laws of the town, so that you will live to read next year's report.

KEEP NEW CASTLE ACCIDENT FREE
AND FATALITY FREE
SLOW DOWN AND LET THEM LIVE

Respectfully submitted

HENRY GREENBERG
Chief of Police

Capt. Sherman T. Baketel has established a \$500.00 Library Trust Fund in memory of his wife, Helen E. Baketel.

Henry Chandler Horner has sent a further gift of \$100.00 to be added to the Library Trust Fund, established in memory of his grandfather J. Ben Hart.

Gifts of books, as well as magazines have been received from Dr. Plumer, Mrs. Arnold Whitaker, Ralph Margeson, Elizabeth Barker, and several books on Navigation from Capt. Sherman Beketel.

Mr. Stanley Pingree has installed a much needed book slot for use in returning books.

The interior of the Library has been newly refinished.

The upper grade pupils in the school make use of the Library for their class projects.

Report of the New Castle Recreation and Conservation Commission

1. *Summer Program:*

The commission for the third consecutive year sponsored a most successful summer program.

Starting in June with swimming lessons, the program got into full swing on July 6 and concluded with a family style spaghetti dinner in August.

Between 40 & 60 children were in attendance each day. This group not only included local children, but also summer visitors to New Castle, grandchildren, nieces and nephews of residents.

Miss Sharon Robinson supervised this program and was assisted by Mr. Michael Pridham.

Special thanks to Mrs. Ellen Shea for organizing this fine program and to the Hoefles and Frobishers for their continuing generosity.

2. *Rifle Club:*

Organized in July, utilizing old rifle range on property purchased by town to provide a place and means for interested residents and their guests to practice and also to teach the correct and safe use of firearms, especially to youngsters.

This club is part of the N. C. R. & C. C., but is governed by its own slate of officers, and affiliated as a senior club with the National Rifle Association.

Under the direction of President Richard Abbott, this club has been very succesful and helpful to both young and old sportsmen in town.

Pistol shooting, trap shooting (shot gun) and com-

petitive rifle teams are part of the clubs near future plans.

Far range plans are for an underground single firing position, (Big Bore) range for people, especially hunters. to practice and sight in large caliber firearms.

Except for lights and heat this club is self supporting.

3. *Winter Programs and Others*

Basketball, badminton, ice skating are available for all.

Thanks to the efforts of Mike Pridham, Donald Pridham, John Hodgden, and Ken Woodward, weekly practice sessions and competitive games for the elementary school and junior high school boys have resulted.

The rec. Building is "home" for the Great Island Players who are now rehearsing for their annual play.

A Saturday morning majorette class for the younger girls in town is held offering instruction in baton twirling and marching.

Dancing classes, family functions, annual dinners, square dancing, dog shows, and other events have been held this past year.

4. *Physical Property:*

- A. The outdoor toilet facilities, shelter, new basketball backboard, repainting of lines and new coat of sealer on gym floor, and the reactivating of the lights at the entrance gate have been accomplished.
- B. Improvements planned for the near future, hopefully, include; new chairs, panelling the top of the Rec. Building, and some type of padding for the stage area to protect basketball players, plus general beautification of the grounds.

The commission is striving for as diversified program as facilities will allow and to encourage all those who would like to actively participate.

Without contributions of time and money from interested parties, these programs would not be possible.

The Members of the Commission:

Mr. Richard Lockhart	Dr. Harold Hoefle
Mr. Jack Beard	Mrs. Ellen Shea
Mr. Bruce Smith	Mrs. Sylvia Tabbott
Mr. Robert Kennedy	Mrs. Margaret O'Connor
Mr. Richard Abbott	Mrs. Midge Hassett
Mr. Stanley Pingree	Mr. Douglas Pridham

Along with our three selectmen have worked together in what we feel is an important part of any community: recreation.

Respectfully submitted,

ALBERT D'ANTONIO

SCHOOL DISTRICT WARRANT — 1968

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of the Town of New Castle, in the County of Rockingham and State of New Hampshire, qualified to vote upon District affairs:

You are hereby notified to meet at the Recreation Building, Great Island Common in the said District of New Castle on Monday, the Eleventh Day of March 1968, at 7:30 P.M. in the Evening to act upon the following subjects:

NOTICE: School District Officers are to be elected at Town Meeting (Recreation Building, Great Island Common, March 12, 1968, polls open 10:00 A.M. and will not close before 6:00 P.M.) in accordance with the Statutory Election Procedure adopted by the District at its March, 1964, Annual Meeting.

1. To see what action the District will take in relation to the reports of Agents, Auditors, Committees, or Officers chosen.

2. To see if the District will vote to authorize the construction and equipping of additions to the Maude H. Trefethen School and alterations to the existing plant for use for school purposes, to provide such school facilities as have been generally described in certain preliminary drawings by Douglass G. Prescott, Architect, and further to see if the District will vote to raise and appropriate a sum not to exceed one hundred twenty thousand dollars (\$120,000.00) for such purposes, and whether the District will vote to raise such sum through issuance of notes

and/or bonds upon credit of the District for all or any portion of the sum so raised and appropriated and will vote to authorize the School Board to negotiate, and issue such notes and bonds, and to fix the rate of interest, and all other terms thereof, and to take such other action as may be required to effectuate the purpose of this vote in accordance with the provisions of the Municipal Finance Act RSA Chapter 33 and any amendments relating thereto and to see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and the United States Government or any agency thereof.

Note: This article is for the plan generally described by the School Board as "Plan A".

3. To see if the District will vote to authorize the construction and equipping of additions to the Maude H. Trefethen School and alterations to the existing plant for use for school purposes, to provide such school facilities as have been generally described in certain preliminary drawings by Douglas G. Prescott, Architect, and further to see if the District will vote to raise and appropriate a sum not to exceed seventy-six thousand dollars (\$76,000.00) for such purposes, and whether the District will vote to raise such sum through issuance of notes and/or bonds upon credit of the District for all or any portion of the sum so raised and appropriated and will vote to authorize the School Board to negotiate, and issue such notes and bonds, and to fix the rate of interest, and all other terms thereof, and to take such other action as may be required to effectuate the purpose of this vote in accordance with the provisions of the Municipal Finance Act RSA Chapter 33 and any amendments relating thereto and to see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all

grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and the United States Government or any agency thereof.

Note: This article is for the plan generally described by the School Board as "Plan B". If article 2 receives the necessary favorable vote it will be appropriate not to consider this article for vote.

4. To choose Agents and Committees in relation to any subject embraced in the warrant.

5. Shall the School District accept the provisions of RSA:195-A, as amended, providing for the establishment of an AREA school or schools located in Portsmouth, New Hampshire to serve the following grades 9 through 12 from the school districts of Greenland, New Castle, Newington, Portsmouth, and Rye in accordance with the provisions of the plan on file with the District Clerk, subject to approval of the New Hampshire State Board of Education.

6. To see what sum of money the District will vote to raise and appropriate for the support of schools, and for the payment of the statutory obligations of the District.

7. To transact any other business that may legally come before said meeting. Given under our hands and seals at said New Castle this 14th day of February, 1968.

PATRICIA B. D'ANTONIO,
PHILIP P. FINN,
RICHARD S. LOCKHART,
School Board

A true copy of warrant—Attest:

PATRICIA B. D'ANTONIO,
PHILIP P. FINN,
RICHARD S. LOCKHART,
School Board

ELECTION OF OFFICERS

STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of New Castle, in the County of Rockingham and State of New Hampshire, qualified to vote upon District affairs:

You are hereby notified to meet at the Recreation Building in Great Island Common in said District on Tuesday, the Twelfth Day of March, 1968, at 10:00 o'clock in the morning, to vote for District Officers:

1. To choose a moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose an Auditor for the ensuing year.
5. To choose a Treasurer for the ensuing year.

Polls will open at 10:00 A.M. and will not close before 6:00 P.M.

The foregoing procedure calling for election of your District Officers at the annual Town Meeting is authorized by statute (RSA 197:1-2 et. seq.) and was adopted by the District at its 1964 annual meeting.

Given under our hands and seals at said New Castle this 14th day of February, 1968.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of New Castle, N. H. of which the above is a true summary for the fiscal year ending June 30, 1967 and find them correct in all respects.

CHARLES W. CLARK,
Auditor

SUPERINTENDENT'S ANNUAL REPORT

To the Members of the New Castle School Board:

I respectfully submit to you my second annual report as superintendent of schools in the New Castle School District.

One of the most complex tasks facing any educator in today's world is that of attempting to cope with change. The changes are coming at us with such rapidity that it is difficult to understand change let alone try to control it.

One significant change and one which all of us definitely understands clearly is the mushrooming size and complexity of the education enterprise. Nationwide the facts are staggering. This Fall, for instance, there were 57 million children and youth in school. This is over one-fourth of the population of the United States! Over 44 million were in public elementary and secondary schools, and, even more startling, the annual increase since 1960 has exceeded one million every year.

Certainly these facts will cause some eyebrows to stretch upward. The various and several ramifications of these statistics poses many a problem across the land especially to those closely related to the educational arena. What are some of the implications one might ask?

1. Children now come to school younger and stay longer than ever before in history.
2. The educational level of achievement has shown a sharp and unmatched jump forward, from $8\frac{1}{2}$ years in 1940 to an increase of 12 years in 1970, it is estimated.
3. Giant strides in school district reorganization

have been accomplished. Recent figures show that the nation has consolidated its 127,244 school districts into 23,000 in a short 30 years. It should be pointed out here that this consolidation was done NOT to save money but to EDUCATE better and more effectively.

4. We must be careful that bureaucracy does not hamper our creativity in education. The mere fact that we are so big should not dampen a teacher's willingness to try out new methods and techniques, study research findings, and to pattern their methods to meet the needs of the local student.

5. School facilities are not keeping pace with the surging enrollment.

6. Fewer and fewer of the brighter college graduates are entering the teaching profession for several reasons chief of which is the salary being offered, although the salary structure is showing marked improvement.

7. There is a growing militancy amongst the teacher group. They are being better trained at the negotiation process than are the administrators and school board members. Teachers are concerned with over-sized classes, duty-free lunch periods, fringe benefits equal to those being paid other town employees, to mention just a few.

8. Education costs money. Public expenditures for education at all levels now approximates fifty billion dollars per year. In 1955 these expenditures were approximately eighteen billion.

This is a year of decision for us in New Castle. Our school facilities have reached that point of no return. The live enrollment figures as of November 30, 1967 are shown in the chart below:

Grade	1967-68	1968-69	Teacher
	Enrollment	Enrollment	
1	11)	15)	Pearl S. Woodeson
2	16) 27	11) 26	

3	15)	16)	Florence T. Thompson
4	14) 28	15) 31	
5	18)	14)	Helen Oroski
6	9) 27	18) 32	

New Castle, like so many communities around us, faces a building crisis. I touched upon the need for an expanded facility in my 1966 annual report. The state board of education recently approved a set of "Guidelines and Recommendations for New Hampshire Public Elementary Schools." Contained in the booklet on page 7 under the chapter on School District Organization is the recommendation that there should be one teacher for each grade level. Census figures indicate a fairly stable enrollment. The possibility of one or two families moving in with school age children is very realistic and would have an obvious effect on the grade make-up. I am pleased that the New Castle Board has shown a keen interest in expanding the school building. You will find more specific building plans elsewhere in this booklet consequently I will not elaborate in this report.

The addition of a part-time secretary to the staff has helped Miss Oroski considerably. Her willingness to attend regular school board meetings to take the minutes has worked out to the convenience of all.

Last year your school board approved a plan to acquire the services of a reading teacher. This person was to be shared with two other smaller towns in Union 21, namely, South Hampton and Hampton Falls. Unfortunately this office was not successful in finding a qualified candidate. I hope that I might have better luck in finding someone so that we can get this program moving.

I must salute the classroom teachers for their efforts from day to day on behalf of the children they serve. A good school system is dependent upon the quality of its teachers.

The physical education program presently being

conducted at the commons building is running smoothly. Mr. Marsh has replaced Mr. LaRose this year and does an outstanding job with the children. We are pleased to be able to transport the classes from the school to the Commons.

Adequate salary schedules for classroom teachers have been the topic of considerable concern by school board members. The teacher group itself has met with the board to negotiate for their fair share. This is a serious matter and should not be thought of lightly. New Hampshire is in the midst of an acute teacher shortage. It is most difficult to find qualified staff members willing to teach in our communities at the present salaries being paid. We are geographically situated in a difficult area with the higher paid positions just a few miles over the border. In order to keep the staff we have at present there must be a major upward adjustment made and this will be the year for it. New Castle does not stand unique in this dilemma for this same problem is being dealt with all across the state. Within a week or so there will be a full scale investigation of educational problems existent in this state. Of course, you and I realize the crux of the problem is money and where it comes from. Local communities in New Hampshire are now supporting education at the highest percentage rate in the nation, while state support leaves much to be desired. In the latest ranking, New Hampshire is 49th in the nation when one looks at state support for public schools. The local New Hampshire communities contribute 84.3% toward the cost of education. This is the highest in the United States. It will be unfortunate but inevitable for some communities in this state who will choose not to deal with the teachers equitably. Time alone will tell.

1967 has been an active year in studying the school curriculum. This will be the case for many years to come since there are so many changes taking place with unbelievable rapidity. Many of these changes are finding their

way into classrooms via teaching methods, techniques, skills and procedures. It is commendable that study groups first are able to define problems; secondly that they strive to arrive at solutions. Curriculum study takes place after the children are dismissed. Some of it takes place into the late evening hours. Several school systems put teachers to work during the summer months to accomplish this task.

During the course of the year among other things my duties take me to classrooms observing teachers and children busily engaged in the teaching-learning process. It is rewarding indeed to be present to witness a child who, after a failure or two, finally reports that he has "caught on" to some important skill. Equally rewarding to me is to observe effective teaching. I find that we have teachers who show interest in wanting to improve their instructional methods.

In conclusion may I add that my association with the New Castle school has been most rewarding to me. I am pleased to be playing a part in shaping your educational system.

Respectfully,

PAUL L. O'NEIL
Superintendent

SCHOOL NURSE'S REPORT

Physical checkups of New Castle Pupils were held during March of 1967. Dr. Harold Hoefle, examining physician, detected only a few minor health problems at that time, again establishing the fact parents maintain high standards of health supervision.

A First Aid Course, prepared by Johnson & Johnson as a public service, was given to the pupils of Grades V and VI for the first time. The school nurse was assisted by Miss Helen Oroski. It is our observation that this was of value and would bear repeating every two years.

The dental clinic was held in May. Thirty-three children signed up for this service, or which a small fee was charged. This program is approved by the New Hampshire Dental Association and the New Castle School Board. A team of dental hygienists check and clean the teeth and apply the cavity-arresting fluoride. The children in the classrooms are given a demonstration of proper oral hygiene at this time.

The school nurse attends meetings of local school nurse groups and is a member of the New Hampshire School Nurse Association. These meetings are held for the interchange of ideas and experience, information and education.

A film concerning human reproduction was shown the girls and Grades V and VI. Mothers of the pupils attended and all were pleased with the presentation. This year, for the first time, a film for boys in the Grades V and VI groups will be shown. Dr. Hoefle will conduct the session.

Other activities of the school nurse include:

Tuberculin tests given to all first graders and other new pupils, as well as school personnel. Thirty received these tests.

Urinalysis	65
Vision Tests	68
First Aid	7
Flue Shots	7
Home Visits	3
Inspections after three days of absence	33

The school nurse accompanied a bus load of pupils and teachers to visit the New Hampshire State Legislature while it was in session.

We are anxious to cooperate with parents and teachers in maintaining the health and well-being of the pupils, and welcome calls from parents regarding health problems.

CAROL B. KENNEDY, R.N.,
School Nurse
